

Peter Fisher	<p style="text-align: center;"><b>History of New Brunswick</b> By Peter Fisher (1782-1848)</p> <p>Originally published in 1825 under the title: <i>Sketches of New Brunswick</i> : containing an account of the first settlement of the province, with a brief description of the country, climate, productions, inhabitants, government, rivers, towns, settlements, public institutions, trade, revenue, population, &amp;c., by an inhabitant of the province. The value of this history is in the fact that it was written when the Province was still in its infancy. Although there had been a few small settlements established in New Brunswick prior to 1783, the main influx of settlers were Loyalists who chose to remove to the area from the United States following the American Revolution.
